

Micro Business and Individual Unit

In addition to supporting the growth and development of micro/small businesses and business start-ups, the Micro Business and Individual Unit (Micro Unit) also supports the future of our children through Educational Loans.

The Micro Unit acts as a community-based financial institution. It provides business loans to micro/small businesses, as well as educational loans to individuals who are in need of funds for school entrance fees and other educational expenses.

Business loans were provided to 1.19 million businesses as of March 31, 2023. Most of the loans are for small amounts, with an average loan balance per business of 9.35 million yen, and more than 90% of the loans were unsecured loans. Approximately 90% of the borrowers have nine or fewer employees, such businesses range from companies that are close to local community living like grocery stores, building contractors, etc., to new market pioneering businesses, such as venture companies, etc. These loans are utilized by a wide variety of business operators. To perform our safety net function, we provided support to micro/small businesses affected by the COVID-19 pandemic, bringing the total number of loans related to the COVID-19 pandemic since January 29, 2020, when the consultation desks were established; we have made approximately 1.09 million loans decisions worth a total of approximately 12 trillion yen as of March 31, 2023.

In FY2022, the Micro Unit provided approximately 90,000 educational loans, which are intended to reduce household economic burdens relating to education and provide equal educational opportunities.

In addition to appropriately performing safety net functions, the Micro Unit is actively committed to supporting business start-ups, business succession, and social businesses that are principally linked to revitalizing regional economies as well as those who need funds for their children's tuition and other educational expenses.

Agriculture, Forestry, Fisheries and Food Business Unit

Supporting business development in agricultural, forestry, fisheries, and food sectors that contribute to Japan's domestic food supply.

The Agriculture, Forestry, Fisheries and Food Business Unit (AFFF Unit) contributes to the reinforcement of the domestic agriculture, forestry, and fisheries industries and stable supplies of safe and high-quality foods by supporting individuals and businesses in these industries through finance or other services.

The AFFF Unit provides long-term loans that contribute to ensuring stable food supplies or sustainable and sound development of the agriculture, forestry and fisheries sectors, based on the unique business characteristics of the industry such as long investment payback period and instability of income caused by external factors like weather.

Besides loans and investments, the AFFF Unit supports businesses through various efforts such as offering business consultation by business consultants who are professional in agriculture, forestry, fishery industries, offering business matchings in events like "Agri-Food EXPOs," and supporting customers who are working on export business. The AFFF Unit also widely provides useful information to customers through publishing surveys and information magazines.

Small and Medium Enterprise (SME) Unit

Through its various functions such as Loan Programs and Credit Insurance Programs, the Small and Medium Enterprise Unit (SME Unit) supports the growth and development of SMEs and micro/small businesses which are the source of Japan's economic vitality at both the national and regional levels.

The SME Unit complements the provision of loans by private financial institutions to various types of small and medium enterprises (SMEs) by the stable provision of business funding at long-term fixed interest rates and implementing special loans based on national policies.

Businesses that have utilized JFC funds are flourishing in many fields

A total of 783 businesses ^(Note) have gone public after receiving support from the SME Unit, representing roughly 20% of all Japanese businesses that are publicly held. Many of these are flourishing as leading companies in Japan.

The number of businesses going public after receiving support from the SME Unit since 1989 is 618 ^(Note), accounting for roughly 20% of the total number of businesses that went.

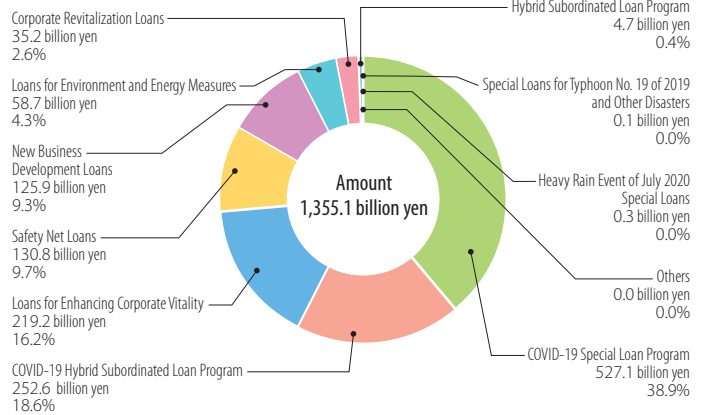

Note: The number of publicly listed businesses is as of March 31, 2023 (excluding delisted businesses and businesses that have dissolved due to merger, etc.).

Facilitating the smooth flow of funds to SMEs and micro/small businesses by working together with the Credit Guarantee System

The SME Unit insures guaranteed liabilities (credit guarantees) provided by CGCs to SMEs and micro/small businesses that fall short in terms of collateral or creditworthiness when raising funds from financial institutions or issuing corporate bonds (Credit Insurance System).

The Credit Insurance System was used by 1.58 million SMEs and micro/small businesses, accounting for 44% of all SMEs in Japan, through the Credit Guarantee System (as of March 31, 2023). It is designed so that these two systems together facilitate the smooth supply of business funds for SMEs and micro/small businesses.

Operations to Facilitate Crisis Responses

At the occurrence of such event as domestic or international financial disorder and large-scale natural disasters that is declared a crisis by the competent ministers, JFC carries out Operations to Facilitate Crisis Responses.

Since a business's credit risk generally increases at the time of a crisis, it is assumed that private financial institutions would be unable to provide a satisfactory amount of funds.

As a measure to counter this situation, JFC supplies credit to the designated financial institutions to encourage smooth funding of the affected business.

Overview of the system

Results of operations to facilitate crisis responses

	FY2020	FY2021	FY2022
Two-step loans	3,549.4 billion yen	291.2 billion yen	15.7 billion yen
Loss compensation	2,364.5 billion yen	593.1 billion yen	170.7 billion yen
Interest subsidies	4.6 billion yen	18.2 billion yen	22.9 billion yen

Note: With respect to loss compensation, the figures for loans, etc. represent the amounts of loans provided by designated financial institutions through the end of March 2023, with loss compensation underwritten by JFC for losses incurred until May 10, 2023.
